Arizona Corporation Commission

Phoenix AZ 85007

Dear Commissioner Stump:

I am a member of Out Of the Blue Processors, LLC. I am aware of that Corporation Commission is investigating that company and Mr. Mark Steiner, its Manager. I have been contacted by an investigator. I let the investigator know that I was satisfied with the investment and the progress being made. I am also pleased with Mr. Steiner's efforts as a facilitator to achieve successful transactions from which the company is to receive fees.

I am informed that a hearing is scheduled to begin on April 28, 2014. I am concerned that such a hearing is at the very least premature, in that the business transactions which Mr. Steiner, through Lunsford Consulting LLC, is seeking to facilitate, and which will, when consummated, produce the fee income for Out of the Blue Processors LLC which I anticipated receiving when I made my investment, will be impacted adversely by the hearing and by any determination made by the Commission as a result of the hearing. Furthermore, I work for a major international energy company not affiliated with Out of the Blue and am very familiar with the complexities and long term planning associated with infrastructure projects in emerging countries. Accordingly I have full respect for the time it will take for our investment to mature.

I do not believe that it should be the business of the Commission or its Securities Division to interfere with an investment made by a small number of sophisticated persons most of whom have known Mr. Steiner for many years in business or in church and family activities.

I would appreciate you seeing to it that the scheduled hearing is postponed and, if possible, that the investigation is terminated, so that what promises to be a successful investment is not converted into an unsuccessful investment by the zeal of the Commission's staff to "win," before the investment matures and returns are realized from it.

Thank you,

Rolle Y. Hogan
